

# KEPPEL COAST CAMERA CLUB

## 2023 REPORT TO KEPPEL COAST ARTS

The Keppel Coast Camera Club (KCCC) continued 2023 in much the same fashion as previous years. Our low key approach to running the club suits most of our members where the emphasis is on having fun and learning a bit about photography along the way.

The club's membership has decreased a little since 2022, which is to be expected as members move about or some decide that the club was ultimately not for them. Other members have stepped up and become more involved in assisting with presenting subjects. The last 2-3 months have seen a return to external practical sessions on weekends, including a day at one of our member's large property and a morning session at Murray Lagoon in Rockhampton.

The KCCC once again supported the Yeppoon Show this year through sponsorship of the photo section display. Club members assisted with setup and pulldown tasks as well as manning an information stand during the show weekend.

Our partnership with KCA continues to be beneficial to us both structurally and financially and we look forward to another year under the KCA umbrella. As a member of the Photographic Society of Queensland (PSQ), we continue to work with, and benefit from, the Society.

The KCCC committee has remained static for this year and I must thank Fran McFadzen, Laura Lubans-Bates, Mick Barker and John Briggs for their support during the year. Whilst Mick, our Treasurer, continues to live in SE Qld this year due to his spouses work, we are very grateful that John Briggs has again taken on the role of Assistant Treasurer during 2023.

It has been encouraging to see our member's photographic skill levels increase during the year, especially those who joined us a few years ago as camera 'newbies'. The KCCC looks forward to continuing to contribute as a special interest group to the Keppel Coast community.

Kevin Vins  
President  
Keppel Coast Camera Club
